Memories of NBW

Hello NBWRPG, Zardus here. It's been a while. I wanted to drop by, on the eve of the Yahoo Groupocalypse, and reminisce. There is plenty to reminisce about. I [zardus200](#) 3 hours ago

Thank You

OOC: I'd like to echo what Solstice (THE CODE) was saying. I was around for several iterations of this RPG in the middle of it's life. I usually went by [titobeau](#) 4 days ago

Hello and welcome to the Neo Beast Wars: Age of Wars RPG! This is a free-form RPG that takes place after the third season of Beast Wars (it kinda brings together Transformers G1, Beast Wars, and Beast Machines, RID and others), and now, the situation is becoming really dangerous to Trasformers Warriors, they not only have to handle with Unicron's followers (The Unicronians), they also have to handle with every single factions in this planet (let's see who starts an in-planetary war first).

Remember, as long as you abide by the rules, anything is allowed. You may pick a made-up char or a char from the show (as long as it isn't taken). With a little modification (all bots have to be Maximal/Predacon size), you can even bring back an ex-Autobot or Decepticon.

To join and for more information, please visit our website at <http://geocities.com/airly2000/> and contact one of the group administrators to submit your character concept.
